

Press release – for immediate release

Special offer combines KORE 2 with six free KORE SOUNDPACKS

**Additional collection with nearly 1.000 production-ready sounds
included with every purchase of the Next-Generation Workstation**

Berlin, May 4th, 2009 - Native Instruments today launched a time-limited special offer for KORE 2, its groundbreaking instruments and effects host platform. In May and June, every purchase of the controller-equipped version of KORE 2 will entitle to a free download of the six high-quality sound libraries contained in the KORE ELECTRONIC EXPERIENCE package.

The six KORE SOUNDPACKS in this special offer include Best of ABSYNTH, Best of REAKTOR Vol. 1, Deep Transformations, FM8 Transient Attacks, MASSIVE Expansion Vol. 1 and Synthetic Drums Reloaded, representing nearly 1,000 production-ready instruments and effect presets with 7,600 Sound Variations, and an additional value of \$189 / 169 Euro.

About Native Instruments

Native Instruments is the pioneer and market leader in the field of software instruments, and one of the key players in the market of computer-based audio production technology. The company's mission is to develop outstanding musical tools for all styles and genres. The resulting products regularly push technological boundaries and open up new creative horizons for professionals and amateurs alike.

Native Instruments opened up the fascinating world of real-time sound synthesis on standard computers in 1996, and today offers an extensive product range for the Instruments, Guitar and DJ markets, designed and developed by three corresponding divisions within the company. Native Instruments currently employs more than 150 people in its two offices in Berlin and Los Angeles, and works closely with more than 40 international distribution partners to ensure its future growth and success.
