

## **Native Instruments introduces new price for KOMPLETE AUDIO 6**

### **Premium six-channel audio interface now back in stock with permanent lower price**

Berlin, April 17th, 2012 – Native Instruments today announced a permanent lower price for its critically acclaimed KOMPLETE AUDIO 6. Having been out of stock for some time, the high-performance six-channel audio interface is now available for \$249/229 EUR.

Based on the latest generation of Native Instruments' USB audio interface technology and housed in a sturdy aluminium casing, the KOMPLETE AUDIO 6 addresses the typical needs of musicians and producers in a highly portable and affordable package. With four balanced analog inputs and outputs, complemented by a digital S/PDIF stereo I/O and an integrated MIDI interface, the unit can be used as the centerpiece for a wide range of setups. Due to 24-bit/96kHz Cirrus Logic converters and powerful +11dBu analog output stages, KOMPLETE AUDIO 6 delivers pristine audio quality for studio and stage, while revised Mac OS X and Windows audio drivers enable robust low-latency performance.

Furthermore, the interface also includes a versatile software package for music production and DJing. It comprises KOMPLETE ELEMENTS, CUBASE LE 5 and TRAKTOR LE 2 as well as a \$30/25 EUR e-voucher for KOMPLETE Instruments or Effects at the NI Online Shop.

## **About Native Instruments**

Native Instruments is a leading manufacturer of software and hardware for computer-based music production and DJing. The company's mission is to develop innovative, fully integrated solutions for all professions, styles and genres. The resulting products regularly push technological boundaries and open up new creative horizons for professionals and amateurs alike.

Native Instruments opened up the fascinating world of real-time sound synthesis on standard computers in 1996, and today offers an extensive product range for musicians, producers and DJs. The company currently employs around 300 people in its two offices in Berlin and Los Angeles, and works closely with more than 40 international distribution partners to ensure its future growth and success.
