## 5 CLASSIC GUITAR TONES AND COMPONENT OVERVIEW

### 60'S RHYTHM

Straight rhythm sound as heard on many famous British recording from the 60's. Best with humbucker bridge pickup.

### CLASSIC FUNK

Superfly soul sound from the 70's. Sounds good with all classic guitars. Use singlecoil pickup for most authentic feel.

### TEXAS BLUES

One of the most classic sounds. Use Stratocaster neck pickup for best results. Use wah for extended soloing.

### CLASSIC ROCK

Best with humbucker bridge pickup. Rock out with this super classic sound. Use phaser for special coloring.

### MODERN METAL

High gain sound for 6- and 7-string axes. Powerful and uncompromising. Use a humbucker bridge pickup and turn up to 11.
